

Water Conservation Tips

When washing dishes by hand, don't let the water run while rinsing. Fill one sink with wash water and the other with rinse water.

Water Conservation Tips

Do one thing each day that will save water. Even if savings are small, every drop counts!

Water Conservation Tips

If you accidentally drop ice cubes when filling your glass from the freezer, don't throw them in the sink, drop them in a house plant instead!

Water Conservation Tips

For hanging baskets, planters and pots, place ice cubes under the moss or dirt to give you plants a cool drink of water and help eliminate water overflow!
